o1   What have been the best aspects of your tutorials so far?

· The tutor was very patient and detailed in explaining the questions, and the teaching process was very interesting, he let us answer the questions through Kahoot to liven up the atmosphere of the class while explaining the relevant knowledge, which impressed me a lot.

· i learn a lot in my tutorials.and have lots of fun

· He gave a good lecture to get the meaning across.

· Challenge in ed

· Using kahoot to help us to understand last week's knowledge.

· The explanations were good

o2   What aspects of your tutorials most need improvement?

· Perhaps we can speed up?and nothing else to be improv ed

· I think more practice and discussion are needed

· none

· Maybe teach us to do the lab practice in Ed for many times .

· I think is good so far
